MESSAGE FROM THE PRESIDENT

Dear ACEM Members and Readers,

Welcome to the last edition of our Suara Perunding (SP) for the year 2023. I wish to thank our hardworking Publication Committee/Secretariat for their efforts throughout the year 2023 in publishing the SP and keep our members informed of our activities, and provide information on matters of interest.

This SP edition shall cover the webinars that we have carried out during the last quarter of the year, such as Site Supervision Course General Module, our inaugural CCC Construction Convention 2023 and our regular luncheon webinars. Besides the webinars, we have jointly organised a Seminar on Solution to Implementing BIM and Its Challenges to introduce an innovative and collaborative technological solution and workflow that integrates cutting-edge technology to streamline coordination and collaboration for consulting engineers to deliver their services to their clients more efficiently.

We had organised the 19th ACES-ACEM Dialogue on 18 November 2023 with our friends from Singapore to discuss and brainstorming on common issues related to consulting engineers business. ACEM also received delegates from the China National Association of Engineering Consultants (CNAEC) on 30 November 2023 to discuss and explore potential collaboration between members of the associations in the future.

We hope that members are keeping themselves updated through our website at <https://www.acem.com.my/>, as our website continues to be an important reference to keep abreast with the current information from various Government organisations and discussion outcomes with Government agencies.

Let us ensure that ACEM is always in the forefront of maintaining the interest of our members in the Engineering Consultancy business and industry.

ACEM would like to take this opportunity to wish our members Merry Christmas to those who are celebrating and Happy New Year to all ACEM members. May the year 2024 be a better year for all.

Thank you, and happy reading,

Ir. Chong Chew Fan
ACEM President.

COUNCIL OF CONSTRUCTION
CONSULTANTS

CONSTRUCTION CONVENTION 2023

SAFE AND SUSTAINABLE CONSULTANCY PRACTICES

The Council of Construction Consultants (CCC) made history on September 19, 2023, by organizing its first-ever CCC Construction Convention. This groundbreaking event, titled “Safe and Sustainable Consultancy Practices,” brought together more than 100 participants through an innovative online platform. Jointly organized by The Association of Consulting Engineers Malaysia, the Association of Consulting Architects Malaysia, and the Association of Consulting Quantity Surveyors Malaysia, the convention was exclusively designed for professionals in the fields of engineering, architecture, quantity surveying, and technology.

The convention commenced with a forum session addressing the critical issues affecting professional consultancy businesses. The session featured a panel of distinguished experts in the field, including Ir. Sharifah Azlina binti Raja Kamal Pasmah, ACEM Honorary Secretary, as the moderator. The panelists included Ir. Chong Chew Fan, ACEM President; Ar. Jafri Merican, ACAM President; and Sr. Kamarudin Sulaiman, ACQSM President. This discussion provided a comprehensive overview of the challenges and opportunities within the consultancy sector.

The CCC Construction Convention 2023 featured a diverse range of speakers across three specialized halls, catering to engineers, architects, and quantity surveyors. In Hall 1, engineers gathered to listen to a distinguished panel of speakers including Ir. Ong Ching Loon, Managing Director of Cofreth (M) Sdn Bhd; Ir. Anuar bin Mohd Aris, ACEM Deputy President; Datuk Ir. Mohd Adnan bin Mohd Nor, ACEM Past President; Ir. K. Sundraraj, ACEM Immediate Past President; and Ir. Romesh Srinivasan, Managing Director of K.L. Consult Associates

Sdn Bhd. Hall 2, dedicated to architects, hosted a lineup of experts, with speakers including Ms. Heather Yee Jing Wah, Assistant Director of the Asian International Arbitration Centre; Ar. Jafri Merican, ACAM President; Ar. Ahmad Farik bin Abd Ghaffar, Principal of Farik Ghaffar Architect; Ar. Nasharuddin Abd Majid, Principal of Arkitek Punca Cipta; and Ar. Jasmeet Sidhu, ACAM Past President.

In Hall 3, quantity surveyors were presented with valuable insights from En. Muhammad Yusuf bin Khalid, a Construction Data Specialist at BCISM Sdn. Bhd.; Sr. Kamarudin bin Sulaiman, ACQSM President; Sr. Chong Kok Vui, an ACQSM Committee member; Sr. Yazit Yeop Arbi, ACQSM Secretary; and En. Mohd Dzulkifli bin Abdul Hamid, Senior Partner at Alpha Training & Consultancy Services. These sessions allowed professionals from different sectors within the construction industry to gain knowledge and expertise from some of the most respected figures in their respective fields, contributing to the advancement of safe and sustainable consultancy practices in the construction industry.

The convention concluded at 6.30 pm, leaving participants with a wealth of knowledge, new connections, and a broader perspective on the safe and sustainable consultancy practices that are essential in the ever-evolving world of construction and consulting. The CCC Construction Convention 2023 demonstrated the resilience of these industries in adapting to virtual platforms for continuous learning and collaboration.

ACEM WEBINAR SERIES

SITE SUPERVISION COURSE

GENERAL MODULE

In the months of October and November 2023, ACEM successfully hosted a Webinar Series on Site Supervision, featuring the highly demanded General Module. The sessions, held from 10:00 am to 12:30 pm, attracted a substantial participation of 800 individuals, highlighting the industry's keen interest in the topic.

ACEM's initiative aimed to equip Graduate Engineers, Engineering Technologists, and Inspectors of Works (IOW) with practical knowledge essential for effective site supervision. The comprehensive program, including both General and Discipline Modules corresponding to BEM-registered disciplines such as Civil & Structural, Mechanical, and Electrical, allowed participants to gain a holistic understanding of site supervision practices aligned with approved designs, drawings, and specifications. The webinars, conducted as a series of online sessions, featured lectures and Q&A sessions, ensuring an interactive and engaging learning experience. Each webinar provided participants with 2 CPD hours, contributing to the professional development of Registered Persons with BEM. This successful webinar series demonstrated ACEM's commitment to fostering excellence in engineering practices through accessible and informative online courses.

The trainers for the ACEM Webinar Series on Site Supervision were distinguished professionals in the field of engineering. Ir. K. Sundraraj, a registered Professional Engineer with a Practising Certificate from the Board of Engineers Malaysia and an ASEAN Chartered

Professional Engineer (ACPE), brought a wealth of experience to the sessions. He served as a BEM Board Member (Session 2022-2023), held the position of Immediate Past ACEM President (2023-2025), and was recognized as a Fellow of IEM.

With 30 years of expertise, he worked as a Consulting Engineer and Director of a multi-discipline engineering consulting firm in Kuala Lumpur, Ir. Anuar Mohd Aris, held the title of registered Professional Engineer with a Practising Certificate from the Board of Engineers Malaysia and an ASEAN Chartered Professional Engineer (ACPE). With 33 years of experience, he served as ACEM Honorary Secretary and currently held the position of Deputy President of ACEM for the 2023-2025 Session. His extensive background specializing in the design and construction supervision of Highways and Bridges, with an additional qualification as a Certified Road Safety Auditor.

The ACEM Webinar Series on Site Supervision offered a comprehensive exploration of crucial subjects in four distinct sessions. Webinar G1 delved into the critical areas of Accidents & Fatal Injuries, enlightening participants on safety protocols and

regulations. By-laws and regulations governing construction sites were thoroughly discussed, providing a foundational understanding. Additionally, Contract Arrangement was a focal point, ensuring participants gained insights into the intricate web of contractual obligations.

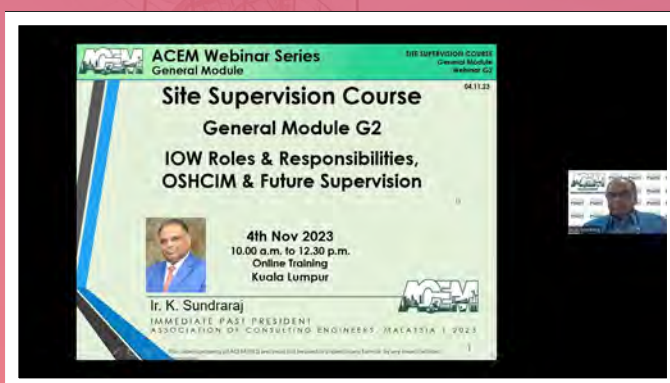

In Webinar G2, the spotlight shifted to the Inspector of Works (IOW), elucidating their Roles & Responsibilities in the construction process. OSHCIM Guidelines were unpacked, offering a detailed perspective on occupational safety and health compliance. The session also delved into Future Supervision, providing attendees with foresight into evolving industry practices and expectations.

Webinar G3 broadened the scope to General Responsibility, emphasizing the holistic approach required in site supervision. Safety & Environmental Aspects were meticulously addressed, highlighting the need for sustainable and environmentally conscious practices in engineering. The session also covered Site Records & Progress Reporting, offering participants valuable insights into maintaining accurate project documentation. Certification/Payment & V.O. (Variation Order) management were also explored, ensuring a

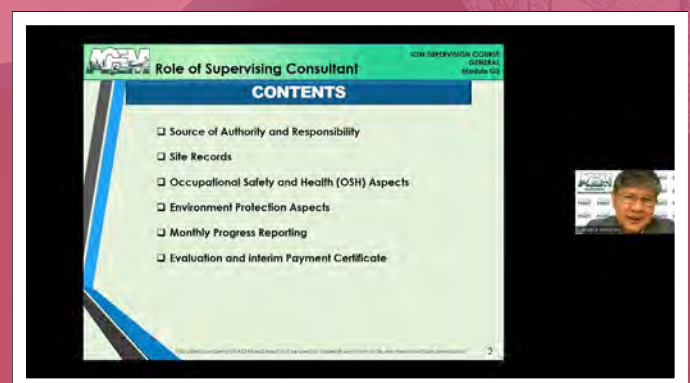

comprehensive understanding of the financial and administrative aspects of construction projects.

The concluding session, Webinar G4, focused on the critical phase of Testing & Commissioning. Participants gained insights into the meticulous processes involved in ensuring the functionality and reliability of constructed structures. Certificate of Practical Completion/Defect List discussions equipped attendees with the knowledge to assess project completion and address any defects. CCC/SPKL (Certificate of Completion and Compliance/Fire Certificate) requirements were explored, along with the intricate details of Retention Sums & Final Accounts, providing a comprehensive view of the project's closure and financial aspects.

In essence, the ACEM Webinar Series thoughtfully curated a diverse range of topics in these four webinars, providing a holistic and practical understanding of site supervision for participants in the engineering field. The depth and breadth of knowledge covered in these sessions undoubtedly contributed to the professional development of those in attendance.

19th ACES-ACEM Dialogue

On the 18th of November 2023, the prestigious Magellan Sutera Resort in Kota Kinabalu, Sabah, played host to the 19th ACES-ACEM Dialogue. Representatives from the Association of Consulting Engineers Singapore (ACES) and the Association of Consulting Engineers Malaysia (ACEM) gathered at Meeting Room 4, Level 1, for a day of insightful discussions and collaborative exchanges.

The distinguished attendees from ACEM included Ir. Chong Chew Fan, Ir. Anuar Mohd Aris, Ir Ahmad Rashidi Zainuddin, Ir. K. Sundraraj, Ir Ahmad Masyhur Jahaya, Ir. Amirul Hisham Hj Ismail, Ir. Aruljothy Pahavan, Ir Foo Kam Fai, Ir. Dr. Muhammad Arkam Che Munaim, Datuk Ir. Chin Shu Ying, Ir Wong Leong Teck, and Ms Wong Pek Yin. The ACES delegation comprised Er. Chuck Kho, Er. Alfred Neo, Er. Adeline Koh, Er. Yeow Mei Leng, Er. Teo Yann, Er. Ricky Chan, Er. Choong Choon Guan, Er. Gwee Siong Mong, Er. Jee Yi Tng, Er. Mak Swee Chiang, Er. Ng Han Siong, Er. Soh Kai Yea, Er. Jason Tan, Er. Chua Tong Seng, and Ms Lilian Lean.

The event commenced with a warm welcome address from both ACES and ACEM presidents, Er. Chuck Kho and Ir. Chong Chew Fan, emphasizing the importance of cross-border collaboration and knowledge sharing in the engineering industry. ACES brought forth pertinent issues for discussion. Firstly, the challenge of attracting and retaining new talent in the consulting engineering field in Malaysia was addressed. The perception of consulting engineers in the country was also a focal point. Secondly, the minimum fee for consulting engineering in Malaysia took center stage, with discussions centered on ensuring a healthy and sustainable fee structure. Lastly, the market outlook for consulting engineers in Malaysia was explored, shedding light on the current trends and future prospects.

In turn, ACEM raised significant issues for discussion, delving into the Environmental, Social, and Government (ESG) initiatives and trends in ESG reporting within the Singapore consulting engineering industry. This demonstrated a commitment to addressing contemporary challenges and fostering sustainable practices within the industry.

Association of
Consulting Engineers
Malaysia

ASSOCIATION OF
CONSULTING ENGINEERS
SINGAPORE

An any other business session provided a platform for open discussion on issues of common interest, promoting a collaborative spirit among the professionals. The dialogue concluded with a renewed commitment from both associations to continue these valuable exchanges, fostering stronger ties and promoting excellence in the consulting engineering profession. The 19th ACES-ACEM Dialogue proved to be a cornerstone event, driving the industry forward through shared insights and collaborative efforts across borders.

ACES-CNAEC Meeting

On the 30th of November 2023, the Traders Club Lounge Meeting Room on Level 32 of Traders Hotel Kuala Lumpur witnessed the second edition of the ACES-CNAEC Meeting. This meeting served as a pivotal moment for professionals in the engineering field, fostering collaboration and understanding between the Association of Consulting Engineers Singapore (ACES) and the China National Association of Engineering Consultants (CNAEC).

The event commenced with a warm welcome and introduction by Ir. Chong Chew Fan, ACEM President, who set the tone for the day's discussions. In his Welcome Remarks, Ir. Chong Chew Fan extended greetings to the CNAEC delegates and provided a brief introduction to the ACEM representatives present. Following suit, Mr. Wu Lei, Vice Secretary General of CNAEC, welcomed the ACEM delegation and introduced the CNAEC delegates. His opening remarks underscored the significance of such collaborative efforts in strengthening ties between engineering professionals from different regions.

The meeting then delved into a session of introductions, where Ir. Chong Chew Fan provided a brief overview of ACEM, highlighting its mission and the roles of council members. This served as an insightful introduction for the CNAEC delegates to better understand the structure and objectives of ACEM. Mr. Wu Lei reciprocated with a concise presentation on CNAEC, introducing its members and shedding light on the organization's key initiatives and focus areas. This exchange of introductions set the stage for a more profound understanding of the similarities and differences in the practices

of consulting engineers between Singapore and China. The subsequent segment of the meeting featured presentations by CNAEC members, offering a diverse range of perspectives and insights from the Chinese engineering industry. This exchange of knowledge provided a valuable opportunity for professionals on both sides to learn from each other's experiences and approaches. An open discussion followed, allowing for a free-flowing exchange of ideas and addressing common challenges faced by consulting engineers in the dynamic and evolving field. The collaborative spirit in the room underscored the commitment of both associations to mutual growth and advancement in the engineering profession.

The meeting concluded on a positive note with a group photograph, symbolizing the unity and camaraderie built during this gathering. The second ACES-CNAEC Meeting proved to be an invaluable platform for building bridges, fostering international understanding, and promoting excellence in the consulting engineering sector. As the engineering community continues to face global challenges, such initiatives contribute to a stronger and more interconnected future for the profession.

Seminar Solution to Implementing BIM and Its Challenges

The Seminar on Solution to Implementing BIM and Its Challenges, held on 12th December 2023 at the Sime Darby Convention Centre in Kuala Lumpur, brought together a diverse group of more than 70 participants eager to explore the latest advancements in Building Information Modeling (BIM). This collaborative event was a result of the partnership between the Association of Consulting Engineers Malaysia (ACEM) and Virtual Field, with the support of the Pertubuhan Akitek Malaysia (PAM). The seminar was generously sponsored by industry leaders HP, drawBridge, Autodesk, and Integrated Development 3D Workflow Environment. The primary objective of the seminar was to introduce an innovative and collaborative technological solution and workflow that integrates cutting-edge technology to streamline coordination and collaboration in the field of architecture and engineering. This revolutionary approach harnesses real-time communication, shared virtual workspaces, and AI-assisted design tools, enabling teams to work seamlessly across distances. This promises to elevate creativity, efficiency, and accuracy in delivering complex projects, fundamentally changing the landscape of design collaboration.

The event commenced with a warm welcome from ACEM President, Ir. Chong Chew Fan, followed by remarks from PAM President, Ar. Abu Zarim Abu Bakar. The diverse lineup of presenters added depth to the seminar, covering a range of topics crucial to the implementation of BIM. Mr. Steven Goh Kiat Lee, Region Head Sabah, IJM LAND, shared insights into the practical application of BIM

Ir. Chong Chew Fan delivering his welcoming remarks

Ar. Abu Zarim Abu Bakar delivering his remarks

for design through the lens of the “Utama Park Residence” project in Sabah. Ar. Latipah Abu, Managing Director at LA Architect Sdn. Bhd., delved into the intricacies of 3D Workflow BIM for design, highlighting its significance in the contemporary architectural landscape. Ar. David Fung, Principal at BIM Consultancy, A.C.I.D (Hong Kong), shed light on collaboration challenges in design and construction, emphasizing their impact on facility management. Ar. Jeffrey Ling, Principal at Architects 61 Sdn Bhd, discussed challenges related to BIM and Project Information Management (PIM) in architectural design. Mr. Michael Qu, Founder and Director of ACID (China & Canada) Design & Project Ltd., explored the realm of BIM AI technology and its role in interactive customization of materials in real-time.

The seminar concluded with Mr. Henry Yu, Founder and CEO of Kalloc Studios, presenting on the Collaborative Platform: IDWE. His insights into this innovative platform provided a fitting end to a day filled with valuable information and discussions. Overall, the Seminar on Solution to Implementing BIM and Its Challenges served as a crucial platform for industry professionals to exchange ideas, share experiences, and pave the way for the future of collaborative design in the realm of BIM.

Courtesy Call on the Deputy Chief Minister of Sabah cum Sabah Minister of Works

Date : 2 October 2023
Venue : Bangunan KKR/JKR, Kota Kinabalu, Sabah
Organised By : ACEM Sabah
Attended By : Datuk Ir. Chin Shu Ying, Ir. Benny Song Perng Yeu, Ir. Razalie bin Sindong, Ir. Wah Kheng Haw, Datuk Ir. Ts. Dr. Amarjit Singh, Ir. Mohd Arzahri bin Abdul Rahman, and Ir. Amirul Hisham Datuk Hj. Ismail.

A courtesy call was made on the Deputy Chief Minister cum Sabah Minister of Works, Datuk Ir. Shahelmey bin Yahya on 2 October 2023. Along with other committee members, the visit was led by the ACEM Sabah Branch Chairman, Datuk Ir. Chin Shu Ying. The main agenda for the courtesy call were to invite the Minister as the Guest of Honour to the ACEM

Sabah 30th Anniversary dinner which will be held on 19 November 2023, at Port View Palace Hall, Dewan Hakka, Tanjung Lipat, Kota Kinabalu, Sabah. Other agendas highlighted in the visit were the introduction to the new line up of ACEM Sabah for session 2023/2024, supervision work and other related matters.

ACEM Sabah 30th Anniversary Dinner “Envision a Greater Future”

Date	: 19 November 2023
Venue	: Port View Palace Hall, Dewan Hakka, Tanjung Lipat, Kota Kinabalu
Guest of Honour	: YB Datuk Ir. Shahelmey bin Yahya, the Deputy Chief Minister of Sabah cum Sabah Minister of Works
Dress Code	: Formal Attire
Organised By	: ACEM Sabah
Attended By	: ACEM Sabah Members and guests

Graced by the Guest of Honour, the Deputy Chief Minister of Sabah cum Sabah Minister of Works, YB Datuk Ir. Shahelmey bin Yahya, the event was made livelier with entertainments, lucky draws, the presentation ceremony of ACEM Sabah Education Incentive Awards, the PCE Special Awards and the presentation of the appreciation mementos to the ACEM Sabah Past Chairmen.

One of the main highlights of the night was the tradition of handing over the chairmanship Chain from the Branch Chairman for the

session 2022/2023, Ir. Razalie bin Sindong to the newly elected Branch Chairman for the session 2023/2024, Datuk Ir. Chin Shu Ying.

With attendance of nearly 700 members and guests, invited VIPs from government departments, fellow professional bodies, ACEM Councils and the Council Members from the Association of Consulting Engineers Singapore (ACES) the event was smoothly executed and marks another successful dinner organized by the ACEM Sabah.
