## SYNTHESIS AND SYNERGY: TOWARDS BETTER-THAN-SUSTAINABLE OUTCOMES

Ar. Seah Chee Huang, CEO of DP Architects, is a firm believer in purpose-driven architecture that synergises economic, environmental, and social dynamics. He incorporates his beliefs by creating integrated community and lifestyle hubs that prioritize positive impact, such as the Bukit Canberra and Singapore Sports Hub.

Ar. Chan Seong Aun, Director of Arkitek Daya Seni Sdn Bhd, has extensive experience in architecture, including updating industry standards and serving in leadership roles. He is notably involved in various committees, including representing PAM and leading initiatives such as the GBI Residential Tool. Currently, he is the Accreditation Panel (GBIAP) Chairman of Green Building Index.
