Message from INKINDO President

On behalf of INKINDO, the National Association of Indonesian Consultants, we are honored to welcome you all to join the FIDIC Asia Pacific 2025 Annual Conference which will be held in Bali, Indonesia on the August 18 to 20, 2025.

The Conference themed "New Technologies, Transforming Engineering and Construction Industry", where the Government Officers, Academician, Professionals and Consulting Engineers from 23 Countries in the Asia Pacific region to gather at Indonesia, the 'Land of Opportunity' will be challenged to response to the theme.

The Conference and the networking session between National and International strategic business partners and Consulting Engineers, will certainly create business opportunities. The goal of the Conference which will include series of detailed focus session relevant to the Conference theme, is to convene Government Officers, MDB Representatives, Business Executives, Professionals and other interested Parties to explore the opportunities and challenges on the New Technologies which will transform the Engineering and Construction Practices.

In Bali, the 'Island of GOD', INKINDO in collaboration with aspiring leaders from the 23 Countries in the Asia Pacific region, is in a challenge to bring relevant new technologies for the effective success of engineering and construction practices in the region.

Regards

Erie Heryadi
President

Message from FIDIC ASIA PACIFIC President

After successful annual conference of FIDIC Asia Pacific in Kathmandu, Nepal , we are excited to announce FAP 2025 Annual Conference in Bali , Indonesia from 18th to 20th August 2025 .

We are delighted to have agreement of our MA - INKINDO, the National Association of Indonesian Consultants for hosting 2025 annual conference.

The theme of the conference “New Technologies Transforming Engineering and Construction Industry” is most appropriate considering the rapid technological changes happening in the world.

With the advent of AI, BIM and other new technologies impacting all aspects of engineering and construction industry, it has become necessary for all professional engineers to embrace new technologies.

We are expecting experts from different countries to impart knowledge in different fields. We will be having B2B session also so that business collaborations can be managed.

INKINDO has earnestly started the preparations with the formation of dedicated and experienced committees. I urge all of you to come forward and participate in the conference.

We look forward to meeting you on the world famous island of Bali. Besides technical knowledge, you will get a chance to enjoy a beautiful holiday

Regards

Sudhir Dhawan
President

Message from FIDIC President

Best wishes from the International Federation of Consulting Engineers

On behalf of the International Federation of Consulting Engineers (FIDIC) I am delighted to send best wishes to all the attendees at the annual conference of FIDIC Asia Pacific taking place in Bali.

Just as FIDIC speaks on behalf of and advocates for the global consulting engineering sector, FIDIC Asia Pacific speaks for the industry across your region, something you have done with distinction for many years. You all play a crucial role in your industry, representing your members to clients, government and other key opinion formers and stakeholders and I know that you are going to have a great annual conference. I am very much looking forward to it.

The theme of the conference, New Technologies, Transforming Engineering and Construction Industry, is a very relevant one which highlights some of the key challenges facing the engineering consultancy sector and also the opportunities we can grasp to achieve success in the future. As well as sending FIDIC's best wishes to all attendees for a successful conference, I also want to pay tribute to the organisers of this year's event, the National Association of Indonesian Consultants (INKINDO) for their excellent work in hosting the conference in 2025.

I know that during the conference, as well as discussing the key issues you face as an industry, you will also be reflecting on your achievements over the recent period. FIDIC Asia Pacific is doing a great job on behalf of its members and professional engineers throughout the region so I am sure there will be much to celebrate in Bali.

The role that all FIDIC's member associations play in making a positive impact on people's lives in their countries should never be underestimated. When we look at the big issues and challenges facing the world, like climate change and the urgent need to develop safe and sustainable infrastructure, it will be engineers who are the forefront of all of this and working hard to deliver the solutions to meet these challenges.

I would also like to offer FIDIC's full support for the future as we continue to work together to improve the business environment in which all our member firms work and wish you every success for the 2025 annual conference.

Regards,
Catherine Karakatsanis, M.E.Sc., P.Eng., ICD.D, FEC, FCAE, LL.D, D.Eng.

FIDIC President

About

INKINDO

The National Association of Indonesian Consultants (INKINDO) is an Association of Consultant Services Companies in Indonesia established on 20 June 1979 in Jakarta, as a fusion of the Indonesian Consultants Association (IKINDO) established on 10 February 1970 and the Indonesian Development Engineering Consultants Association (PKTPI) established on 8 October 1971. INKINDO has more than 4.000 members (including non construction), both national consulting service companies and affiliated / foreign companies spread across 34 provinces. As an Association of Consulting Services Companies, INKINDO has a National and International working area, because INKINDO has vast National and International networks being member of FIDIC, FIDIC ASIA PACIFIC and FACE. INKINDO has played many roles in development in Indonesia, as well as contributing to every Government policy formulation and becoming a Strategic Partner of the Government in the development of the world of consulting services in Indonesia.

about FIDIC

FIDIC, The International Federation of Consulting Engineers, was founded in 1913 to promote and implement the consulting engineering industry's strategic goals on behalf of its member associations. It represents over one million engineering professionals and 40,000 firms in about 100 countries worldwide. There are various international standard forms of contracts for works, standard pre qualification forms, business practice documents related to management systems and business processes published by FIDIC.

about FIDIC ASIA PACIFIC

ASPAC is the regional group of FIDIC members within Asia and the Pacific regions. There are 23 member countries under FIDIC Asia Pacific.

FIDIC ASPAC MEMBERS

					
Australia	Bangladesh	China	China, Hong Kong	China, Taiwan	India
					
Indonesia	Iran	Japan	Kazakhstan	Malaysia	Maldives
					
Mongolia	Nepal	New Zealand	Pakistan	Philippines	Republic of Korea
					
Singapore	Sri Lanka	Thailand	Uzbekistan	Vietnam	

about CONFERENCE & PROGRAM

The FIDIC Asia Pacific Conference 2025 will be held with the theme of:

"New Technologies Transforming Engineering and Construction Industry"

The theme aims to explore the cutting-edge innovations reshaping the engineering consultancy sector, with a special focus on how these advancements can drive efficiency, sustainability, and resilience. In a world increasingly impacted by technological disruptions, climate change, and the challenges posed by the recent pandemic, the engineering and construction industry must evolve rapidly to remain competitive and responsible. With the rise of artificial intelligence (AI), machine learning (ML), and other digital tools, companies are presented with unprecedented opportunities to enhance collaboration, improve operational efficiency, and reduce environmental impact. As one of Asia-Pacific's fastest growing economies, Indonesia is uniquely positioned to lead the charge in these transformative shifts, bringing together industry leaders, innovators, and policymakers to foster the adoption of new technologies and practices.

The conference will address various issues revolving around regional collaboration, such as through collaborative and remote work technologies; automation and robotics for data collection, construction, operations, maintenance; and the integration of Building Information Modelling (BIM) and advanced simulations for sustainability. Discussions will also explore the multitudes of AI/ML technology advancements, while putting emphasis also on its governance, ensuring these advancements are applied responsibly within the industry. As Indonesia continues to strengthen its economy and infrastructure, this event serves as a vital platform for sharing insights, driving dialogue, building regional collaboration, and shaping the future of the engineering and construction sectors across the Asia-Pacific region.

CONFERENCE THEMES

Main Theme:

"New Technologies Transforming
Engineering and Construction Industry"

Detailed Sub-themes:

1. **Regional Collaboration:** Fostering collaboration among consulting engineers and various stakeholders in the Asia Pacific Region.
2. **Collaborative Technologies:** Utilizing collaborative technology platforms to support advanced hybrid and remote portfolio, program, and project management.
3. **Artificial Intelligence:** Examining the impact of Artificial Intelligence (AI) and Machine Learning (ML) on engineering practices.
4. **Sustainable Design Technologies:** Integrating Building Information Modelling (BIM) and other advanced technologies in sustainable engineering design
5. **Sustainable Construction and Operation Technologies:** Exploring cutting-edge and sustainable technologies in construction and operational equipment (e.g., natural condition data collection/imaging, prefabricated construction materials, high-efficiency water treatment technology, smart mobility, etc.)
6. **Governance of Projects:** Addressing collaboration and technological disruptions such as AI in governance (e.g., public policy, contractual claims/disputes, etc.).

CONFERENCE PROGRAM

18 - 20 August 2025

Monday, 18 August 2025

Registration and Welcoming Cocktail

17.30 - 20.30

Tuesday, 19 August 2025

OPENING CEREMONY

Opening

08.30 - 09.00

Opening Remarks

09.00 - 09.30

Keynote Speaker:

09.30 - 10.00

Coordinating Minister for Infrastructure and Regional Development

Talkshow “Investment program, Indonesia’s infrastructure readiness to achieve the targeted annual economic growth, Indonesia Land of Opportunities “

10.00 - 12.00

Panelist from The Ministry:

- National Development Planning (PPN/Bappenas)
- Public Works (Pekerjaan Umum)
- Investment and Downstream Industry/BKPM (Investment Coordinating Board)

Panelist from KADIN Indonesia (Indonesia Chamber of Commerce and Industry)

LUNCH BREAK | NETWORKING

12.00 - 13.30

PANEL DISCUSSION

Panel Discussion Session 1: Regional Collaboration

13.30 - 14.30

Panel Discussion Session 2: Collaborative Technologies

14.30 - 15.30

COFFEE BREAK | NETWORKING

15.30 - 16.00

PANEL DISCUSSION

Panel Discussion Session 3: Artificial Intelligence

16.00 - 17.00

FAP GENERAL ASSEMBLY MEETING

17.00 - 18.00

GALA DINNER | Taman Bhagawan

19.00 - 22.00

Wednesday, 20 August 2025

PANEL DISCUSSION

Panel Discussion Session 4: Voices of FAP Future Leaders 08.30 - 09.30

Panel Discussion Session 5: Building Information Modelling (BIM) and Sustainable Design Technologies 09.30 - 10.30

COFFEE BREAK | NETWORKING

10.30 - 11.00

PANEL DISCUSSION

Panel Discussion Session 6: Sustainable Construction and Operation/Maintenance Technologies 11.00 - 12.00

LUNCH | NETWORKING

12.00 - 13.30

PANEL DISCUSSION

Panel Discussion Session 7: Governance of Infrastructure Projects 13.30 - 14.30

COFFEE BREAK | NETWORKING

14.30 - 15.00

Introduction of FIDIC Asia Pacific 2026 Conference 15.00 - 15.30

CLOSING

15.30 - 16.30

EXPECTED AUDIENCE

Bali and the Venue

Bali has many interesting tourist attractions, ranging from beaches, temples and cultural tourist attractions

- Sanur Beach a beach with a calm atmosphere and beautiful views
- Pandawa Beach The beach is named Pandawa because on the coral cliff leading to the beach area there are statues of five Pandavas
- Canggu Beach a beach that is often used as an international surfing competition.

- Tanah Lot Temple A temple located on a rock by the sea.
- Uluwatu Temple A historical relic from the 11th century, the temple is built on a cliff that juts out into the middle of the sea.
- Besakih Temple One of Bali's cultural attractions
- Penglipuran Village One of Bali's cultural tourist attractions
- Garuda Wisnu Kencana Cultural Park One of Bali's cultural attractions
- Batubulan Village Tourism area with cultural performances of Barongan Dance, Kecak Dance and Legong Dance

ARRIVING AT THE VENUE AND REGISTRATION

 I Gusti Ngurah Rai International Airport (DPS)

 Bali Beach Hotel -Sanur, Jl. Hang Tuah, Sanur Kaja, Denpasar Selatan, Denpasar City

33 min (17,7 km) via Jl. Bypass Ngurah Rai/Simpang Pesanggaran - Simpang Sanur

Below are some of the 4 and 5-star hotels closest to The Meru Sanur:

HOTEL

1. The Meru Sanur - 5 star hotel, IDR 4,089,000 per night.
2. Prime Plaza Hotel Sanur - Bali - 4-star hotel, IDR 712,584 per night. Luxury hotel with free breakfast, as well as an outdoor pool, spa and 2 upscale restaurants.
3. Grand Palace Hotel Sanur - Bali - 4-star hotel, IDR 737,924 per night. Relaxing rooms and suites at this laid-back hotel that offers a restaurant, outdoor pool, and spa.
4. Marine Bay Sanur - 4-star hotel, IDR 640,000 per night.
5. Segara Village Hotel - 4-star hotel, IDR 1,506,144 per night. A premium beachfront hotel with a spa & 2 fine dining restaurants, as well as tropical gardens with 3 swimming pools.

REGISTRATION

	Ticket Price	Early Bird Rate (Before 01 June 2025)
Attendee (International)	USD 850	USD 800
Accompanying Person	USD 350	
INKINDO Member Firm & Indonesia Participant	IDR 12.000.000	

Attendee/INKINDO Members Firm
Indonesia Participant.

This fee includes access to:

- Main conference on 18-20 November 2025
- Welcome Cocktail Reception
- Conference Lunches, Conference Coffee/tea
- Gala Dinner
- Access to Exhibition stalls
- Business Networking
- Goodie Bag

The fee excludes:

- Accommodation
- Travel expenses
- Add-Ons; Tours

Accompanying Person

(only 1 accompanying person per attendee)

This fee includes access to:

- Welcome Cocktail Reception
- Gala Dinner
- Goodie Bag

The fee excludes:

- Conference sessions
- Conference lunches, Conference coffee/tea
- Accommodation
- Travel expenses
- Add-Ons: Tours
