OBJECTIVE

The GBI Facilitator Course Program is a training that covers all aspects of the GBI certification process for buildings, including all the tools and application procedures.

The GBI Facilitator Course Program is open to all. Completion of the full program is required for participants to qualify for the GBI Facilitator Examination. A participant must attend not less than nine (9) modules of the GBI Facilitator Course to complete the program.

EXAMINATION

*Only those who intend to be GBI Facilitators need to sit for the examination, comprising a one hour multiple choice question (MCQ) examination; and a group project presentation. The pre-requisite for the examination is 75% of the course attendance.

**Subject to change*

Disclaimer:

1. GBI can cancel or postpone the course due to less than targeted number of registered participants. The notification will be one (1) week prior to course date.
2. GBI will not responsible for any loss as a result of cancellation or postponement of course.

PRE-REQUISITES TO BE GBI FACILITATORS

Participants who intend to be GBI Facilitators must fulfill the following pre-requisites:

1. A registered professional member of Board of Architects, Board of Engineers or Board of Quantity Surveyors;
OR
A recognised degree in architecture, engineering, quantity surveying or other building related disciplines as approved by the GBI Accreditation Panel; and with a minimum of 3 years relevant working experience acceptable to the GBI Accreditation Panel;
OR
Other building practitioners with minimum of 5 years relevant working experience acceptable to the GBI Accreditation Panel;

AND

2. Successfully completed the GBI Facilitator Program.

A participant is qualified to sit for the examination upon compliance with items 1 and 2, and upon passing the examination, may apply to be registered as a GBI Facilitator.
